

William Azevedo-Homan

5735 Brookstone Walk NW Acworth, GA | williamhoman22@gmail.com | (404) 578-6233 | [LinkedIn](#) | [GitHub](#)

Objective

UGA Computer Science student (4.0 GPA), with hands-on experience in software engineering, full-stack development, and AI-driven automation. Seeking a Summer 2027 Internship to apply skills in Python, data structures, REST API's, automation, and cloud-based systems to production software. Eager to build scalable engineering solutions, collaborate cross-functionally, and contribute to high-impact software teams.

Education

University of Georgia - Athens, GA

Bachelor of Science in Computer Science

Expected Graduation: Spring 2028

Georgia Highlands College - Cartersville, GA

Associate of Science in Computer Science | GPA: 4.0 | Student Athlete: Baseball | President's List x 4 | NJCAA First Team All-Academic

Graduated: Spring 2026

Harrison High School - Kennesaw, GA

High School Diploma | GPA: 4.2 | Baseball & Hope Scholarship | National Honors Society | Student Athlete: Baseball | Honors & AP Work

Graduated: May 2023

Work Experience

Cox Enterprises - Atlanta, GA

AI/Automation Intern

May 2026 - August 2026

- Scaled Liberty Utilities account by decreasing Geotab telematics platform RO input by 30 minutes through RPA automation. Implemented report retrieval, keyword-based filtering, unit extraction, scheduling, and duplicate-processing controls.
- Enabled DealShield ops team to correctly stock vehicles within 10-day expiration window, preventing lot losses on vehicles already on-site. 200+ VINS and resolved 11 locations mismatched in its first week in production, protecting VRA timelines.
- Built agentic AI agents that cut UiPath questions from hours to seconds, giving live visibility into statistics of folders, queues, automations, etc. in UiPath orchestrator.
- Re-engineered customer-facing automation reports with improved UI/UX and real-time data accuracy, improving visibility into the AA&A team output for 20+ Fleet Services customers.
- Selected as 1 of 144 interns from a pool of 20,000+ applicants' company wide.

Ace Hardware - Acworth, GA

Sales Associate

May 2022 - January 2023

- Provided customer service, managed inventory, top converter of loyalty members for multiple months.

IT Projects

WilliamAI – Full-stack personal portfolio site with a Claude-powered conversational AI hub; built a real time 3D GPU-shader particle system (*Three.js*) with voice input/output for an interactive UI. <https://www.williamhoman.dev/>

Thrivalry - Full-stack, cloud-based platform (*Next.js (React), Python, Azure Functions, Node.js, Git*) that matches participants using an AI-driven pairing algorithm built on Azure OpenAI. Developed as part of a cross-functional intern engineering team at Cox Enterprises. Campaign management platform that organizes school-vs-school community service campaigns. <https://youtu.be/DrOen4kf08E?si=KiwkidohDL7qhUpc>

AI Powered Drone - Created a Python/Unity application integrating an LLM (Anthropic) based computer vision pipeline for autonomous target identification, navigation, and mission completion. (*AI Vision*)

Assignment Manager- (*Python, Textual, SQLite Database*) Built a full-stack assignment builder that works with GitLab, PyCharm, and Claude to send out problem set labs. Helps professors at GHC automate a manual process, saving time to invest into students. Contains a chat bot so professors can create assignments with a prompt. <https://www.youtube.com/watch?v=PnRAeq4hsKw&list=PLEoNaJNTUzHQ>

SafeHome Game - Python text-based adventure game with multiple features, visuals, and timed decisions.

Certifications

Anthropic Generative AI Development | UiPath Automation Associate & Explorer Training | Office 365 | Microsoft Copilot

Skills

- Languages: Python, Java, SQL, C, C++, SQLite
- Tools/Platforms: Git, GitHub, GitLab, UiPath, Azure, Azure Functions, Cosmos DB, React, VS Code, PyCharm
- Concepts: Data Structures & Algorithms, Object-Oriented Programming, REST APIs, Agile/Scrum, Software Development Lifecycle
- Coursework: Networking, Calculus I & II, Discrete Mathematics, Computer Science I & II, Computing Theory, Systems Programming
- Community Service: Horizon League 10+ hrs (Acworth, GA), Bartow Backpack Buddies (Cartersville, GA), Operation Christmas Child (Cartersville, GA), Hope for Christmas (Dallas, GA).
